COMPANY PROFILE & HISTORY

Jamwai Academy was established as a premier skill development unit of Jamwai Education. Jamwai CAD, Jamwai IT, and Jamwai Creative are the core initiatives of our organization, proudly backed by the Jamwai Group and officially operated by Jamwai Ventures Pvt. Ltd. Positioned as a rapidly expanding and leading training network PAN India, our mission is to deliver unparalleled technical education to the next generation of engineers and developers.

Jamwai Academy offers comprehensive, industry-aligned training in the fields of CAD, CAM, CAE, Computer Science, and Information Technology. Our divisions are dedicated to building a strong national presence, successfully training and equipping thousands of students and corporate professionals every year across India. In addition to educational courses, Jamwai Ventures Pvt. Ltd. provides specialized Training, Placement, and Consultancy services in CAD, CAM, CAE, IT, and modern manufacturing. By blending practical lab sessions with the latest technical software, we ensure our candidates are fully prepared to meet the demands of the modern industrial workforce

MISSION

To make India a premier hub for highly skilled technocrats, developers, and creators. We focus on equipping students with the latest practical technologies, making them job-ready and directly employable in the modern corporate industry.

VISION

To become a leading educational force in technical and design training, recognized globally for pioneering practical skill development and bridging the gap between academics and industry

"We are rapidly emerging as a pioneering force in technical and creative training across India. We began with a core mission to seamlessly integrate the latest technological advancements with traditional academia, and I am immensely proud to say that we are creating a new benchmark in industry-ready education."

Dhrumaksh Shekhawat
Founder & Managing Director

ABOUT US

Who We Are ?

JAMWAI
CAD

AN ENGINEERING & ARCHITECTURE UNIT OF

JAMWAI ACADEMY

Jamwai CAD, along with Jamwai IT and Jamwai Creative, is a rapidly expanding training and consultancy service network at the Pan India level, specializing in engineering and architecture technologies such as CAD, CAM, CAE, IT, and Management. We are serving a world of ambitious learners with job-ready learning content and highly demanded practical skills, providing industry-aligned, software-driven training to meet modern corporate standards

JAMWAI
CREATIVE

AN ENGINEERING & ARCHITECTURE UNIT OF

JAMWAI ACADEMY

Jamwai IT is a specialized technology division operated by Jamwai Ventures Pvt. Ltd., with its advanced training operations and curriculum proudly handled by MentrIQ Technologies. We at Jamwai IT provide dynamic Certificate Courses, Diploma Courses, Professional Courses, and Master Diploma Courses for trainees to choose from as per their respective fields of study.

Jamwai Creative is a premier training network in India specializing in the dynamic fields of Graphic Design, UI/UX, Video Editing, and Digital Media. Established as a core unit of our educational ecosystem, Jamwai Creative is an official initiative backed by the Jamwai Group and operated by Jamwai Ventures Pvt. Ltd.

JAMWAI ACADEMY

Business Segment

SPECIFIC SERVICES CREDENTIAL

- Advance Training Programme
- Authorised Training / License Partner
- Application Based Training / Operation Management
- Pioneer In CAD-EV Training (Blended) Programme
- Instructor-Led Live Lectures
- Free Test / Quizzes
- E - Book and Practice Sets
- Project Assignments
- Student Panel For Lifetime
- Highly Trained Instructor

The Answers of Your **Why, What, How, Where, Who?**

Here are the answers to questions populated in your mind ?

Why?

Jamwai Academy is a premier choice for technical skill development. We partner with leading universities to deliver specialized Certified Internship Programs designed for immediate real-world impact.

What?

Choose from industry-relevant courses in CAD, CAM, CAE, IT, Creative Design, and Management. Our Master Diploma programs offer 100% placement assistance, ensuring you are job-ready from day one.

How?

We guarantee top-quality training through our expert, certified trainers. Our structured, hands-on practical approach enhances your technical skills for immediate industry application.

Where?

We deliver high-quality training PAN India through strategic offline skill hubs and comprehensive online platforms, offering flexible learning wherever you are.

Who?

A complete training solution for engineering students, corporate professionals, and any ambitious aspirants looking to build a successful career in modern technology and design.

JOB ORIENTED TECHNOLOGIES TRAINING
